Dear Eddie,

Re: NIAER's Energy Work Programme 2006 -2007

Thank you for providing firmus energy (firmus) with the NIAER's EWP 2006 – 2007.

As a recent entrant into the Northern Ireland energy sector, firmus looks forward to working with Ofreg to complete our first Price Control Review.

As well as working with Ofreg to satisfy our licence obligations, firmus is keen to play an active role within the Gas Market Opening Group over the forthcoming work programme period.

If you wish to discuss, please feel free to contact me.

Yours sincerely,

Michael
